1 EDI Log

You can use this screen to see audit information relating to processing EDI messages in the system.

The screenshot shows the 'EDI Log Enquiry' screen. The main grid displays audit entries with columns for ID, Event, Status, Description, Event Date, and Username. A specific entry is selected, showing a detailed view in a pop-out panel. The detailed view includes fields for ID, Status, Event, Event Date, Username, File Name, Error Detail, Key 1, Key 2, Key 3, Key 4, Key 5, Association, Created By, and Created Date. The error detail indicates 'Operation is not valid due to the current state of the object: 000000432'.

EDI log enquiry screen

You can choose to filter or display data as follows:
