1 Schedule Rules

! **Warning:** This is an incomplete guide.

This screen allows you to maintain the schedule rules. The system uses these rules to default collection and delivery windows on orders that match them, and also to indicate whether orders that match these rules should be automatically planned.

The screenshot shows the 'Schedule Rule' screen. The top navigation bar includes 'Query Filter', 'Column visibility', 'Excel', and 'CSV'. The main area displays a table with columns: ID, Rule Name, Service Level, From Zone Code, To Zone Code, Customer Code, Offset, Early Time, Late Time, and Cut Off Time. A single row is selected, showing 'Orders (Default)' in the Rule Name field. To the right, a 'Details' panel is open for this record. The panel contains the following fields:

Organization Code	EBB Paper
Name	Orders (Default)
Service Level	BNV
From Zone Code	ZHINDZBV
To Zone Code	ZHINDZBV
Customer Code	ZHINDZBV
Offset	-5
Early Time	09:00
Late Time	05:00
Cut Off Time	08:00
Offset Collection	2
Offset Delivery	0
Exc From Automatic Sched	<input type="checkbox"/>
Active	<input checked="" type="checkbox"/>

Schedule rules

You can query data by and/or choose to display data as follows:

- *ID.*
- *Rule Name.*
- *Service Level.*
- *From Zone Code.*
- *To Zone Code.*
- *Customer Code.*
- *Offset.*
- *Early Time.*
- *Late Time.*
- *Cut Off Time.*
- *Offset Collection.*
- *Offset Delivery.*
- *Exc from Automatic Sched.*
- *Active Records Only.*

The following actions are available on the Details panel:

- **New** - create a new record.
- **Save** - save a new record or changes to an existing record.
- **Delete** - delete an existing record.
- **Help** - help on this screen.
- **Undo** - undo change made since last save.
- **Clear** - clear all fields.
- **Toggle** - toggle display of all accordion headers.

1.1 Details section
