<input type="checkbox"/>	Low hanging light fitting
<input type="checkbox"/>	Existing large furniture
OTHER	

SECTION 2: To be signed by the customer

I acknowledge that there is not safe, clear and adequate access for delivery, as required under sections 9.8.1 and 9.8.2 of the JB Global Limited's terms and conditions. I wish to proceed with the delivery and have been advised of the risk of damage to property which might occur as a result.

8.1 I Please check the measurement and delivery access to your home. It is important to check the measurements of your Products by visiting Our Website or by calling Our customer service team. Please ensure that there is adequate doorway and stair access. We cannot accept any liability for any items which are damaged as a result of incorrect or incomplete measurements or information supplied by You.

8.2 I Please check that the route from the lorry to your room of choice is safe and free from potential problems or hazards. As Our staff have not visited your home and cannot advise whether your Products will fit, We ask that you take reasonable steps to ensure that the Products can be successfully delivered to you. This includes making sure that the lorry can get to you and measuring any door or ceiling heights, plus stairs and turns (including your stair banisters) that might cause difficulties when the delivery. Your order will typically be delivered on a large lorry, so please be sure your property is accessible for this type of vehicle. If you think there may be an issue, please call us prior to delivery.

UDF Form

The form displayed on the screen will closely resemble your existing sheet, but please remember all browsers are subtly different, along with your screen resolutions. These reports have been created to work well on PDF and in print.

The report will merge in the data you planned on the job with the data entered by the mobile application user and captured from the customer, such as:

- Site name, address, contact and logo information.
- Customer and Job names, addresses and contact information.
- All information regarding items delivered/collected.
- All information regarding products delivered/collected.
- All service information.
- All UDF information.
- Customer, Driver or Engineer signatures, with the terms and conditions signed for at that time.

Depending on settings, you can also have separate pages for:

- Photos - you can show final pages of all photos when the driver completes the job.
- UDF Forms - you can build up separate pages just for your specific data entry.

You will be able to send this as an email from a link on this page. When emailed, the system may be configured to convert this into a PDF for the recipient, depending on configuration.
