3 FUNCTIONAL OVERVIEW

3.1 Client Requirement

In the 'Equipment Details' of the CN Trip Sheet report, amend the description 'WEIGHT' to 'HEIGHT', and add in a third box similar to the 'Fuel' and 'Red Diesel' box to be labelled 'ADBLUE'

3.2 Solution

The CN trip sheet report will be altered. The label which currently says Weight will be changed to Height. Also a new box will be added next to the ?Red Diesel? box. This box will be labelled ?ADBLUE?. Some minor layout changes will be required to fit this new box in.

The screenshot shows the 'EQUIPMENT DETAILS' section of a DHL report. The header includes the date (06/11/09), time (12:46), and page number (1 of 173). The DHL logo and 'SUPPLY CHAIN' text are also present. The form contains several input fields for equipment details. A red box highlights the 'Weight' label, which is being changed to 'Height'. Below this, there are fields for 'Trailer ID 1', 'Trailer ID 2', and 'Trailer ID 3'. At the bottom of the 'EQUIPMENT DETAILS' section, there are fields for 'Fuel Drawn' and 'Red Diesel Drawn'. A new field, 'ADBLUE', is being added next to the 'Red Diesel Drawn' field. An arrow points from the text 'New Field 'ADBLUE'' to this new field. The 'TRIP DETAILS' section is partially visible below.

Date: 06/11/09

TRIP DETAILS

New Field 'ADBLUE'

3.3 Scope

This change will be applied to system version 10.5.0 on CONTST and once approved CONPRD.

4 FUNCTIONAL DESCRIPTION

The report will be amended to include the changes as requested. The text label WEIGHT will be changed to HEIGHT.

Tractor ID	F_TRACTOR	Driver Name	F_DRIVER	Trip ID	F_TRIP
Finish KM's		Planned		Trip Ref	F_REF
Start KM's		Start Time	START_TIM	Sched Name	F_SCH
Daily KM's		End Time	F_END	Start Date	F_START_DATE
Trailer ID 1	F_TRAILER	Duty Time		Carrier	F_CARRIER
Trailer ID 2		Total POA		Defect	
Trailer ID 3		Total Break		Clear Delivery	
Fuel Drawn		Total Driving and other work			
Red Diesel Drawn					

The existing space between the three frames above will be reduced to allow us to increase the width of the EQUIPMENT details frame. The distance between the three frames will remain evenly distributed, but the EQUIPMENT frame will be wider.

Within the Equipment details frame, the Red Diesel Drawn box will be aligned with the Weight boxes by text wrapping the label. This will provide space for the new ADBLUE box and label, next to the Red Diesel Drawn box.

Tractor ID	F_TRACTOR	
Finish KM's		
Start KM's		
Daily KM's		
	Weight	
Trailer ID 1	F_TRAILER	
Trailer ID 2		
Trailer ID 3		
Fuel Drawn	Red Diesel Drawn
