1 Allocate Resources (Diary).....1

1 Allocate Resources (Diary)

The Allocate Resources (Diary) screen is accessible via the **Alloc Resource** button in the PLANNED and ACCEPTED sections of the [Trip Overview](#) screen and through the [Planning](#) screen.

In order for this functionality to be available, the system parameter RES_AVAILABILITY_ALLOC must be set to "Y" for the applicable cost centre - you can use the [System Parameters](#) screen to do this.

From the Waterfall screen, select a trip from the well, that you want to allocate resources to, then click the **Alloc Resource** button.

From the Planning screen, select to resource a driver, tractor or trailer against a trip or trip stop.

The screen below will be displayed:

TRIP_RES_DIARY v1.33
C-IMS v12.45

Schedule: 240409 Trip Id: TMP-00001271 Trip Start: 09-APR-2024 04:09:00 Trip End: 09-APR-2024 07:06:00
 Carrier Id: 930 Status: PLANNED Vehicle Type: DEL_TMP Shift Code:
 Driver: Murphy, Dominic Vehicle: AB74XYZ Trip Stop: 1

Driver: [?] Vehicle Type: [?]

Driver Id	Surname	Forename	Hrs/14dys	Shift Start	Shift End	Aval From	Aval To
36	Corbin	Mark	0	09/04/24 06:00	09/04/24 14:00		
40	Gasson	Dale	0				
39	Foster	Gemma	0				
1	Murphy	Dominic	0	09/04/24 06:00	09/04/24 14:00	09/04/24 07:06	09/04/24 14:00

Vehicle	Type	Aval From	Aval To
AB74XYZ	DEL_TMP	09/04/24 07:06	09/04/24 23:59

Assign Driver Remove Driver Driver Diary Exceptions
 Assign Vehicle Remove Vehicle Vehicle Diary Exceptions
 Remove All Save Cancel Close Add Resource

Note: All fields on the driver and vehicle part can be sorted by clicking on the button above that column.

The Drivers and Vehicles that appear in the bottom of the screen are those available to be allocated to the current trip.

Only Drivers and Vehicles linked to the Carrier assigned to the trip are available for selection.

If a Trailer Type has already been assigned to the trip then only Vehicles of that Trailer Type are available for selection. Only Drivers that can drive that Trailer Type will be available for selection.

If no Trailer Type has been assigned, then all Drivers and Vehicles will be available.

See the [Resources](#) screen for the set up of these links.

You can filter drivers and vehicles using the filters above each panel, and then clicking the ? button to the right.

The screen displays the availability of the drivers, based on their assigned shifts and resource diary. If the driver has been assigned to another trip, this will be accounted for in the availability.

The screen displays the availability of the vehicles, based on their assigned trips and VOR/Inactive status.

RAG colouration is applied to make it easy to see which drivers and vehicles are available.

- GREEN - available
- RED - unavailable for any of the reasons above.

The Driver column marked Hrs/14dys is an indication of the hours the driver has worked in the last 14 days, allowing you to take into account a driver working too many hours.

The currently allocated driver and vehicle are displayed in the top of the screen, and darkened in the driver and vehicles lists.

If a Trailer Type has not been assigned, this can be done using the **V** lookup button next to that field in the header.

Those resources that are currently in use between the trips start time and finish time are high-lighted in grey to show the user they are currently in use, although they can still be allocated.

To assign a resource, select it from the list and click the associated **Assign ...** button. When assigned, the name/id will appear in the header. Use the **Remove ...** button if a resource needs to be removed.

You can remove all resources applied to the trip using the **Remove All** button provided.

You can view the resource availability in detail using the ... **Diary Exceptions** buttons provided.

Activity	Start	Finish	Duration	Created Date
TMP-00001271	09/04/2024 04:09	09/04/2024 07:06	00:02:57	19-APR-2024

Note: When you add the last resource for this carrier, the screen will warn you of this in a pop-up.

Whilst in this screen, you may need to add or change a resource to make them available for the trip. You can do this by clicking on the **Add Resource** button - you will be taken to the **Resources** maintenance screen.

Once happy that resources have been added, click **Save**. If during a **Save**, all resources have been added to a **PLANNED** trip, the system will automatically update the trip status to **ACCEPTED**.
