# 1 Load Rates

Configuration of the rates taken to load different DU types is provided in this section.

Load Rate	SU/CL Mins	Fix Mins at SU/CL	Fixed Mins	Def Mins per DU	Mins per Weight
DEFAULT	30	<input checked="" type="checkbox"/>	10	1.00000	0.00000
DEPOT LOAD	30	<input checked="" type="checkbox"/>	30	0.00000	0.00000
DEPOT UNLOAD	30	<input type="checkbox"/>	30	0.00000	0.00000
STD LOAD	30	<input checked="" type="checkbox"/>	15	0.00000	0.00000
STD UNLOAD	30	<input checked="" type="checkbox"/>	15	0.00000	0.00000
SWAP LOAD	30	<input type="checkbox"/>	30		
SWAP UNLOAD	30	<input type="checkbox"/>	30		

Typically, this is used to represent the particular dispatch units onto Trailers and also includes categories such as default start-up and close-down times.

Load Rates can be configured to fix time at locations where product is either loaded or unloaded; a fixed value can also be applied to the start up and close down of a trip as detailed below.

To create a new load rate, click **New**:

Fixed Mins	Def Mins per DU	Mins per Weight
10	1.00000	0.00000
30	0.00000	0.00000
30	0.00000	0.00000
15	0.00000	0.00000
15	0.00000	0.00000
30		
30		

- Loading Rate - Enter the name for the Loading Rate,
- SU/CL Mins - any time to be applied at start up or close down
- Apply Fixed Mins at SU/CL - select whether or not the fixed minutes below is also applied at SU/CL stops on top of the fixed minutes above.
- Fixed Mins - define any fixed time to be applied at stops which can then be added to a value per despatch unit:
- Dflt Mins per Du
- Mins per Weight

Clicking **Save** and **Cancel** will return you to the main form.

You can also assign different DU types to a load rate with varying default mins for loading/unloading,

To do this, select the rate and then click **New** on the right-hand panel - the "Insert Load Rate Detail" will be shown.

Load Rate	SU/CL Mins	Fix
DEFAULT	30	
DEPOT LOAD	30	
DEPOT UNLOAD	30	
STD LOAD	30	
STD UNLOAD	30	
SWAP LOAD	30	
SWAP UNLOAD	30	

Enter the DU Type (using the supplied look up) and rate in mins.

Click **Save** and the form is updated with the new entry. You can continue and enter another DU type or click **Cancel** to return to the main form.
