1 CALIDUS VEhub App

2 CALIDUS VEhub App

2.1 Login

VEhub Login

Enter a valid Customer ID, User Name and Password.

Click **Sign In** to go to the [Main Screen](#), or [Setup](#) to configure the application.

2.2 Setup

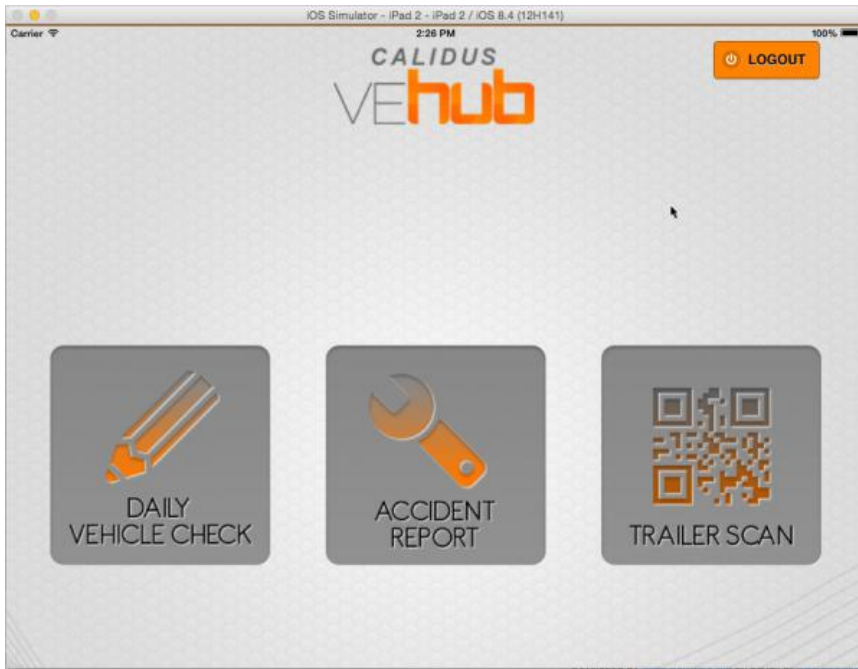

This screen allows configuration of the communications for the application.

App Configuration

2.3 Main Screen

CALIDUS VEhub Main Screen

From here, the following 3 options may be selected:

- Vehicle Checks
- Accident Report
- Trailer Scan

2.4 Vehicle Checks

Page 1: Basic Details

The screenshot shows the 'DAILY VEHICLE CHECK - STEP 1 OF 5' screen in the CALIDUS VEhub app. The screen is displayed on an iPad simulator. At the top, the CALIDUS VEhub logo is visible. Below the logo, there is a header bar with a home icon on the left and a trash icon on the right. The main content area contains the following fields:

- DRIVERS NAME:** A text input field with a placeholder 'John Doe'.
- DATE:** A date picker field showing '1/3/2018'.
- VEHICLE:** A dropdown menu with a checkmark icon.
- TRAILER:** A dropdown menu with a checkmark icon.
- ODOMETER:** A numeric input field with a placeholder '000000'.

At the bottom right of the form, there is a 'CONFIRM' button with a right arrow icon.

Vehicle Checks Page 1

Buttons:

- **Home** - return to the Main Screen.
- **Notes** - show the last submitted vehicle check
- **Trash** - reset all entered vehicle check information to this point, and start again. The device will prompt for confirmation first.
- **Confirm** - move to the next stage

Fields:

- Driver's Name
- Date
- Vehicle - enter through drop-down list of vehicles set up for this company
- Trailer - enter through drop-down list of trailers set up for this company
- Odometer - numeric-only
