## EMERGENCY RELEASE - CTMS 11.0

RELNOTE ER015-036

| Module                       | Program Name                         | Ver       | Call/Iss | Client Ref | Pr'ty | Remarks                                                                                                                                                                                                                          | Reporter           |
|------------------------------|--------------------------------------|-----------|----------|------------|-------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------|
| DP_EPOD_WEB_SERVICE.sql      | Epod Web Service Interface           | 1.36.1.15 | 326334   | -          | 3     | Changes to the Interface code to prevent duplicate items from being sent out to EPOD, when there are duplicate lines with different dimensions. Duplicate items are removed from EPOD, this is being addressed on the EPOD side. | Michelle Naumovski |
| DP_EPOD_WEB_SERVICE_STUB.sql | Epod Web Service Interface Stub file | 1.21      | "        | "          | "     | "                                                                                                                                                                                                                                | "                  |
