EMERGENCY RELEASE - CTMS 11.0

RELNOTE ER020-006

Module	Program Name	Ver	Call/Iss	Client Ref	Pr'ty	Remarks	Reporter
INT_XML_MIC.sql	Interface Package	5.132	335682	-	3	The file to Microlise will only remove a suffix from the item identifiers if the format is '-NNNN' with numbers between '0001' and '9999'. The file from Microlise will not remove any characters from and item identifier should a hyphen be detected based on the assumption that an asset being scanned will not provide a suffix.	Terry Mann
