EMERGENCY RELEASE - CTMS 11.0

RELNOTE ER021-025

Module	Program Name	Ver	Call/Iss	Client Ref	Pr'ty	Remarks	Reporter
DP_BNL_EDI_OUT.sql	Outbound EDI Package	1.4	337912	-	3	<p>The Plan file will be able to include MLS orders and MANUAL orders depending on the EDI parameters.</p> <p>ORDER_SOURCE_SYSTEM will remain as MLS to include the MLS orders but 3 new EDI parameters will be created to include the MANUAL orders:</p> <p>INCLUDE_MANUAL_ORDER - Y</p> <p>FROM_LOC_TYPE - RDC</p> <p>TO_LOC_TYPE - STORE</p> <p>When these parameters are set the MANUAL orders will be included provided that the source location of the order is of type RDC and the delivery location of the order is of type STORE as per the parameters.</p> <p>Note that the FROM_LOC_TYPE and TO_LOC_TYPE parameters can store comma-delimited values, for example 'STORE,SUPPLIER'.</p> <p>The BNL Orders In tab page in the Interface Errors screen will default the start and end dates and times for the local timezone for the user.</p>	Giel Cleef

						<p>The interface records will be queried and displayed for the timezone for the user based on the specified date and time range.</p> <p>The XML Outbound tab page will also default the dates and times for the local timezone and query the records for the timezone.</p> <p>The order entry screen will not save any order lines without a product type and a DU type that exist when order items are being entered instead of order lines.</p> <p>The order time windows will be retained when they are defaulted as well as when they are entered if the user does not save the initial entry of the order header data prior to entering the order items.</p>
