INT_XML_OUT2.sql	Outbound EDI Package	5.240	338413	-	2	Included timezones for LOTSC files for the EVENT_DATE and the ORDER_TRANSACTION_DATE items. The ORD and COL events will use the timezone of the FROM_LOC of the order and the DEL event will use the timezone of the TO_LOC of the order. If the timezone is not known the system date and time will be used as usual. The filename will be in UTC to avoid the risk of duplicate filenames. All other XML formats will not use the timezones for these items.	Hayley Keegan
