IMP.sql	Imports Package	5.136	339462	-	1	The import file to maintain the schedule rules will update the flag to exclude the orders from the scheduling engine for a customer. The existing schedule rules will be updated at the appropriate level with reference to the flag for the customer to allow same day deliveries (i.e. whether the cutoff time is assessed or updated). New schedule rules will be created with reference to the same flag.	Michelle Naumovski
