## EMERGENCY RELEASE - CTMS 11.0

RELNOTE ER023-067

| Module  | Program Name             | Ver   | Call/Iss | Client Ref  | Pr'ty | Remarks  | Reporter           |
|---------|--------------------------|-------|----------|-------------|-------|--|--------------------|
| OMS.sql | Order Management Package | 5.180 | 341865   | Ref: 338477 | 3     | <p>The Collect and Deliver flags for the service level of the order (i.e. the delivery type) will be used to allow a collection or a delivery to be made on the day at the weekend even if the radial or trunk route is not active on that day.</p> <p>The public holidays for the local depot and the country will still apply to ensure that the collection or delivery is not made on the day at the weekend even if the service level is active on that day.</p> <p>If the radial or trunk route is active on the day at the weekend the public holiday for that route will apply to ensure that the collection or delivery is not made on that day.</p> <p>The trunk route will be assessed with reference to the Collect and Deliver flags for the service level like the radial route because these flags are expected to be set for service levels that do not have schedule rules (i.e. not Standard) and thus are usually assessed as collect and deliver on the same day.</p> | Michelle Naumovski |
