The system parameter 'SEND_MANF_TO_SUPP' will be made available at the 'COST_CENTRE' and 'CUSTOMER' levels for configuration: a value of 'Y' will make the active the automatic generation of the 'NR Supplier Manifest' report when the trip status is set to 'ACCEPTED'. The automatic generation will use the same configuration of the message requests as the existing 'NR Driver Manifest' report for 'TRIP_ACCEPT' for the 'Carrier' of the trip. The 'NR Supplier Manifest' report will require a message request for the 'Postcode' of a collection location on the trip. The 'SUPPLIER_MANF' system parameter must be set to 'NR_SUPP_MANF.rep' for the appropriate cost centre of the orders on the trip.
