EMERGENCY RELEASE - WMS 810

RELNOTE ER040-042

Module	Program Name	Ver	Call/Iss	Client Ref	Pr'ty	Remarks
WHS1910.fmx	Despatch Confirmation Oracle Form	4.94	01828576	-	3	The despatched quantity will be initialised to the picked quantity when the order is queried in the Despatch Confirmation screen and shipment pallets are not being used for the order or the route/load. Only lines that have not been updated with a reason code or updated with a despatched quantity will be initialised. The despatched quantity can be specified with a reason code prior to despatch. This initialisation will continue to occur at the start of the confirmation process itself when shipment pallets are being used.

Ready for **What's Next, Now**™
