| New Parameters | | | |
|---------------------|--------------|------------------|---|
| Parameter Name | Config Level | Setting Value | Result |
| GRIR warehouse rule | WHSE | Y | IAJD records written by the Goods Receipt Confirmation process will be re-sequenced (by line number) to put the manual holds after the system hold and receipt, e.g. REC - HOLD (90) - HOLD (HS). |
| GRIR warehouse rule | WHSE | Other or not set | IAJD records will not be re-sequenced so manual holds will be before the REC and system HOLD. |
