EMERGENCY RELEASE - WMS 810

RELNOTE ER045-015

Module	Program Name	Ver	Call/Iss	Client Ref	Pr'ty	Remarks
POS1011.fmx	PO Suggestions Maintenance	4.33	03531090	WREQ0105273	3	A 'Product Class' field has been added to the 'PO Suggestions Maintenance' screen (POS1011). This is an optional field that can be entered before using the 'Auto Generation' option to generate a purchase order. If the parameter is entered only stock codes with a matching product class will be selected. If the parameter is left blank it will be ignored and all stock codes will be selected. It will be disabled in query mode so is not sued when retrieving existing records. An LOV is available to lookup valid values.
