

EMERGENCY RELEASE - WMS 810

RELNOTE ER046-017

Module	Program Name	Ver	Call/Iss	Client Ref	Pr'ty	Remarks
DATA_ML_CAPTIONS_04221636.sql	Data Script	4.1	04221636	WREQ0123311	3	<p>New GS3 format despatch note based on the GS2 format. Main differences:</p> <ul style="list-style-type: none"> - Item Description hard-coded as "Clinical Supplies" - Delivery Notes populated with Shipper ID (Pack Reference) and TMD ID (Temp Monitor Serial Number) headings with Kits (serial numbers packed) listed in comma separated list below. - Revised 'ACKNOWLEDGEMENT OF RECEIPT' footing includes GSK ORDER number which matches Request ID in page heading. <p>This release also includes a fix to the GS2 format as the Lot ID change in the previous version introduced a bug which prevent serial number from being reported in the 'Kit Number(s)' box.</p>
