EMERGENCY RELEASE - WMS 810

RELNOTE ER018-027

Module	Program Name	Ver	Call/Iss	Client Ref	Pr'ty	Remarks	Reporter
DATA_ORS_SQL_335272.sql	Data Script	4.1	335272 (335283)	PIPPLS076	3	The link the 'REC' transaction has been made optional so that pallets without a 'REC' transaction will still be reported. However, this means that for these pallets the Receipt Date and Time and User ID will be blank. There will be no 'REC' transaction if, for example, the pallet was not received on a normal GRN (e.g. Stock Adjust Add Pallet), or if the customer rotation number has been changed.	Lynda Spencer
