## EMERGENCY RELEASE - WMS 810

RELNOTE ER019-002

| Module                  | Program Name | Ver | Call/Iss | Client Ref  | Pr'ty | Remarks                                                                                                                                                                                                                                             | Reporter        |
|-------------------------|--------------|-----|----------|-------------|-------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|
| DATA_ORS_SQL_336900.sql | Data Script  | 1.1 | 336900   | INC14633821 | 3     | Script created to update the database query behind the Oracle Reporting Suite Inventory report for the Pallet level data extract. The query now included the user parameters to limit for the warehouses and owners that the user is set-up to use. | Gavin Pickering |
