EMERGENCY RELEASE - WMS 810

RELNOTE ER031-057

Module	Program Name	Ver	Call/Iss	Client Ref	Pr'ty	Remarks
WHS2050.fmx	Hold/Release stock oracle form	4.46	358177	-	3	In the Hold/Release Stock screen: The user must complete the entry of an auto-hold rule before navigating to another database block in another tab page (e.g. from Auto Holds to Pallets during entry of the record). The entry will be for the stock code, sell by date and reason code in that sequence. Each column will be required in Auto Holds. If a duplicate stock code and sell by date is entered, the user will have to complete the record. Once all columns have been entered, the record will be saved and the user will be able to enter the next record or move to another tab page.
