Save Reset Add Delete Edit Screens

This screen allows you to modify and create Runs for the Dashboard Timed Display.

To create a new run, click **Add**. You will be shown a form to add a new run.

Run Name	Description
* <input type="text"/>	<input type="text"/>

Save Reset

When you have added the form, click **Save** under the Add form.

To change the values of a run, change the text in the fields on the screen then click **Save**.

To change or select the screens that are displayed in a run, select the run you wish to edit using the radio button on the right of the run and click **Edit Screens**. You will be taken to the *Edit Screens* form.

To delete a run, select the run you wish to delete using the radio button on the right of the run and click **Delete**.
