Run.....

## 1 Run

This screen allows you to modify and create Runs for the Dashboard Timed Display.

To create a new run, click Add. You will be shown a form to add a new run.

When you have added the form, click **Save** under the Add form.

To change the values of a run, change the text in the fields on the screen then click Save.

To change or select the screens that are displayed in a run, select the run you wish to edit using the radio button on the right of the run and click **Edit Screens**. You will be taken to the *Edit Screens* form.

To delete a run, select the run you wish to delete using the radio button on the right of the run and click **Delete**.
