1 Warehouse Utilisation

The Warehouse Utilisation screens show the percentage utilisation of Areas and Aisles within the warehouse.

1.1 Area Utilisation

The screen displays all the areas with your default warehouse, along with summarised percentage utilisation information per location use type. The data is RAG-coloured.

Clicking on an area will display the Warehouse Aisles Utilisation screen, with the area chosen pre-selected.

1.2 Aisles Utilisation

The screen allows you to choose an Area to display. If the screen has been called from the Areas screen, this will be pre-selected for you.

Type in text in the drop-down lists to search for the entry - the list will filter.

The screen displays the detailed information of each aisle and use type within the area, along with percentage utilisation figures. This percentage utilisation is RAG-coloured.
