1 ENQSODS02A Package Details

This is the *Package Details* screen (ENQS0S02A).

The following fields are shown:

Field Name	Description
Owner	The identifier for the owner of the package or order.
Customer	The identifier for the customer associated with the order.
Order Num	The unique sales order number being enquired upon.

The package details are displayed in a grid with the following columns:

Field Name	Description
Container No	The unique number identifying the shipping container or outer packaging.
Despatch Date	The date the container was despatched or shipped.
Container Id Status	A code or flag indicating the current status of the container identifier.
Pallet Type	The classification or type of pallet used for the container.
Stock Code	The stock or item code of the product inside the container.
Product Type	The classification or type of product contained within the package.
Desp. Cases/Units	The quantity of cases or units despatched within the container.
