This screen allows you to change your password.

A screenshot of the 'Change Password' dialog box from the FXMPASS v4.6 application. The dialog has a title bar with the text 'Change Password' and standard window controls. Below the title bar, the date '12-JUN-2025' and the version 'FXMPASS v4.6' are displayed. The main area contains four input fields: 'Username:' with the value 'SCE', 'Old Password:', 'New Password:', and 'Confirm Password:'. At the bottom, there are two buttons: 'OK' and 'Cancel'.

Enter your old password and your new password twice. Then click **OK** - this will change your password. Click **Cancel** if you don't want to change the password.
