1 FXMUSER SIMP

 **Warning:** This is an incomplete guide.

This screen provides a quick and simple way of creating and maintaining users in the system.

 **Note:** It is always recommended to use the full User Maintenance screen for full functionality (FXMUSER).

Express Create and Pre-populate settings

Copy all details from an existing user? (At start only)

ONExpress CreateOFF

(Express Create re-inserts all values except "Username" and "Firstname Lastname" from the row above. When finished typing the persons name, key DOWN-ARROW), or MOUSE click to the next "Username" field.

Save Data and Create Users

Create and Save all users in table.

Note: Passwords are the same as the username for the first login: the users will be asked to change it at first login.
