This is the Hazard Class Maintenance (HGS0005) screen.

Hazard Class	Description
1	Explosives
1.1	substances and articles which have a mass explosion hazard
1.2	substances and articles which have a projection hazard but not a mass explosion hazard
1.3	substances and articles which have a fire hazard and either a minor blast hazard or a minor projection hazard
1.4	substances and articles which present no significant hazard
1.5	very insensitive substances which have a mass explosion hazard
1.6	extremely insensitive articles which do not have a mass explosion hazard
2	Gases
2.1	flammable gases
2.2	non-flammable, non-toxic gases
2.3	toxic gases
3	Flammable liquids

Initial Query and Viewing Existing Data:

- You click the **Enter Query** button.
- You can enter a class or description to query, or just leave them blank.
- You click the **Execute Query** button.
- The screen populates with a list of existing hazard classes and their descriptions, displayed in a table with *Class* and *Description* columns. Examples include "Explosives" (Class 1.1 to 1.6), "Gases" (Class 2 to 2.3), and "Flammable liquids" (Class 3).

Inserting a New Record:

- You click the **Insert Record** button.
- A new, blank row appears in the table.
- You type into the *Class* field of the new row.
- You then type into the *Description* field of the new row.

Saving the New Record:

- You click the **Save** button.
- A message appears at the bottom left, "FRM-40400: Transaction complete: 1 records applied and saved."

Deleting a Record and Confirmation:

- You click the **Remove Record** button.
- An "Alert" dialog box appears. You click **OK** to confirm.
