- **Modules Delivered (PO76)**

Log Number	Client Ref	Issue Raised and Test Objective	Site	Functional Area	ER Number
271758	EARS00028102870	Serial adjustment screen - Stock adjustment screen corrected to allow adjustments when a pallet is part allocated to an order and also linked to serial numbers.	Healthcare - Clinical Trials	Stock - Serial No	ER75-01
271859	EARS00028124920	Query with inventory module - Can add stock onto the system during a stock take without having to enter a GRN no - the pallets are now created correctly.	Healthcare - Poland (Roche)	Stock - Stocktake	ER75-02
271969	EARS00028144536	ITG desp message not created - Issue, possibly in the version of oracle as implemented over a RAC. Work-around put into the program, after processing the despatch, for each order that has been despatched a check is made to see if the order has been queued for a DESP message, and if no record is found, put a record into the DESP queue.	Ireland - Oak Rd (BAT)	Orders - Desp conf	ER75-03
271974	EARS00028145194	Incorrect marshalling location -The marshalling location was incorrectly set by the sales order EDI load. This has been corrected so the edi leaves the field blank.	Ireland - Oak Rd (ITG)	EDI - Inbound	ER75-04
272106	EARS00028144536	ITG desp message not created (s/w fix)- The change is to check what orders are queued for DESP messages, and if some are missing, re-attempt to submit them.	Ireland - Oak Rd (BAT)	Orders - Desp conf	N/a
272105	EARS00028145194	Incorrect marshalling location (s/w fix)- Issue with DP_EDIGEN_SALES_ORDER_VAL in that the trading_as_stock is set with the seller, or stockist code. This field holds the marshalling location. The field should be left blank. The initial log was 271974, that required branched version 4.48.1.1. This is the same change to the main trunk - 4.50.	Ireland - Oak Rd (ITG)	EDI - Inbound	N/a
272066	DHL/EXEL	Missing pack type in CIPD message - Ensure package type is mandatory so CIPD messages always have this populated.	Consumer - BHS Hamms Hall/Ath	Orders - Pack list	ER75-05
272190	DHL/EXEL	ASN delete from EDI not sent to WCS - ASN deletion message sent correctly to WCS from ASN EDI load.	Consumer - BHS Hamms Hall/Ath	EDI - Inbound	ER75-06
