This is the product class maintenance screen.

Here, you may select existing product class information or enter new product classes through optionally entering:

- Category
- Group
- Sub Group

Then, when the **Select** button is hit, this will display the matching data in the tables below. These are split into two tabs:

Main tab:

This displays the found product classes and details such as:

When data is found or entered, you may click the Promotion button against the line to view or enter promotions against the product class selected.

You may also view or enter promotions that apply to any product class, using the **Global Promotions** button at the bottom of the screen.

Both work similarly and show the Promotions window:
