Stock Movements

Owner: XXA Warehouse: XX1 22-OCT-2023

☒ Pallet ☐ Stock Transfer of Stock ☐

Audit No: Status:

Driver: Checker:

Date/Time: Owner's Reference:

Owner Code	Stock Code	Description	Pallet ID	From Location	To Location	Stock Code To	Description

Press the ?Cancel Query? button.

Click in the Owner code field (see screen shot above).

The Owner Code field will be automatically filled with the default owner set up for the user. Stock Code - Enter the stock code you wish to move. Alternatively, use the list of values to select from.

From Location - This will be populated automatically with the location that the pallet is currently stored in.

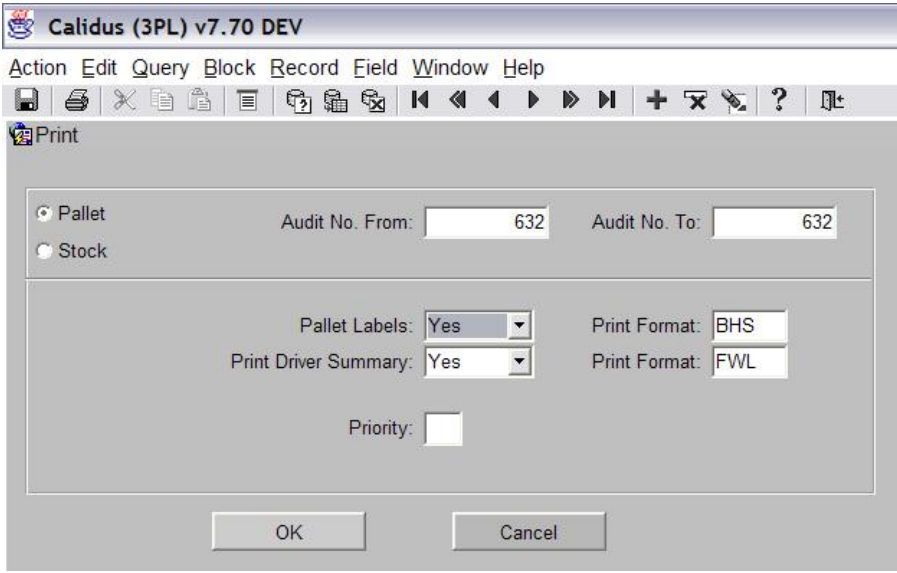

To Location - If auto-putaway is switched on, the system will automatically suggest a new location. This can be deleted and you can select your own by either manually typing it in, or by using the list of values.

Press the ?Print? button (see screen shot below)

<br\>

A pop up box will now be displayed. <br\>

Stock Movements

Owner: XXA Warehouse: XX1 28-OCT-

☐ Pallet
 ☒ Stock
 Transfer of Stock ☐

Audit No: Status:

Driver: Checker:

Date/Time: Owner's Reference:

Serial Numbers

Owner Code	Stock Code	Description	Pallet ID	From Location	Cases	Units	To Location	Pallet Id

<br\>

Press the ?Cancel Query? button. <br\>

An audit number has now been produced (see screen shot above).

The Owner Code field will be automatically filled with the default owner set up for the user.

Pallet ID - Enter the pallet ID that you wish to move.

Cases - Enter the number of cases that you wish to move.

Units - Enter the number of units that you wish to move.

To Location - If auto-putaway is switched on, the system will automatically suggest a new location. This can be deleted and you can select your own by either manually typing it in, or by using the list of values.

When you click in the ?To Location? field a pop-up box will be displayed. You need to choose one of the options:

In this instance we will use an existing pallet that already contains the same stock. Click the ?Confirm? button when you have selected your choice.

[illegible]

<br\>

The ?Pallet Id To? field will be automatically populated with the pallet id that is currently stored in the location you selected.

Press the Accept/Confirm button when have entered the required data (see above screen shot).

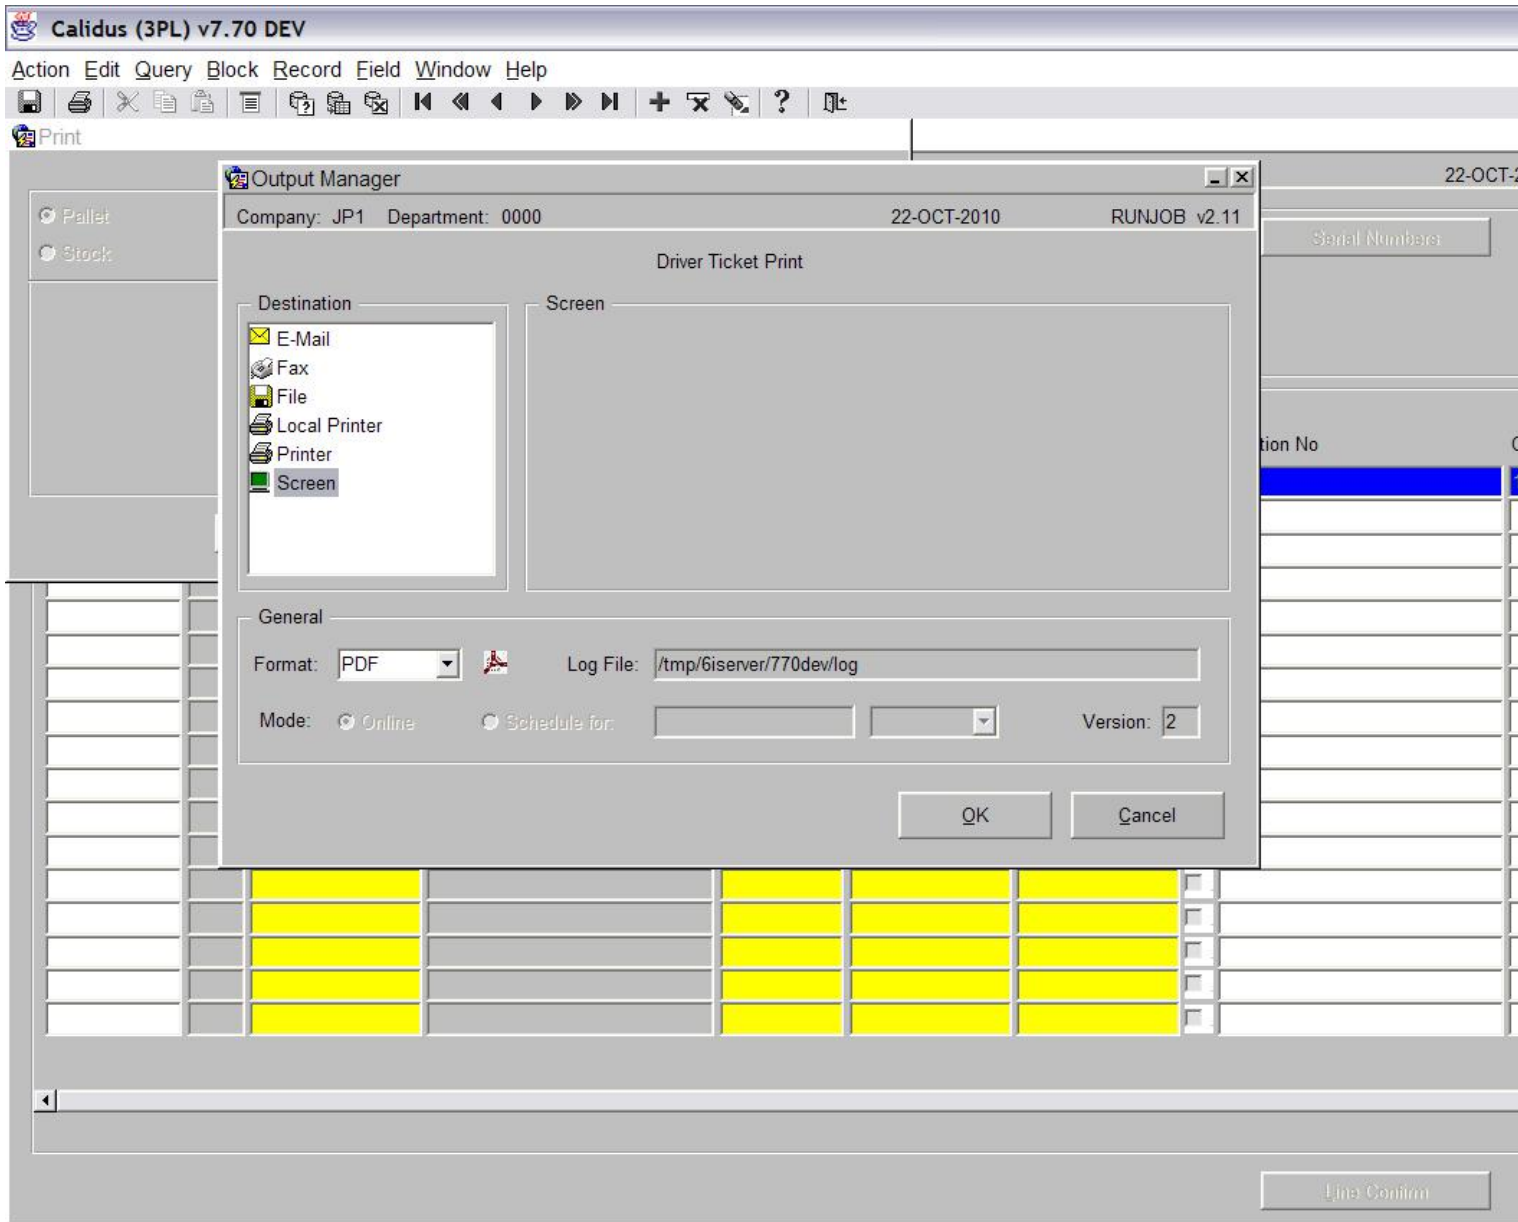

Press the ?Print? button (see screen shot below) <br\>

A pop up box will now be displayed. <br\>

<br\>

The output manager box will now be displayed. Press the screen icon and then click the OK button.

The movement report will now print.
