1 Traffic Control Configuration

 **Warning:** This is an incomplete guide.

1.1 Warehouse Parameters

- *Expected Traffic*: displays Bay Diary traffic bookings expected within a defined time window that have not yet arrived
 - ◆ The time window is defined in WARE_PARAMS.TRAFFIC_SHOW_EXPECTED_HOURS
- *Current Traffic*: displays Bay Diary traffic bookings that have arrived, within a defined time window, that have not yet departed
 - ◆ The time window is defined in WARE_PARAMS.TRAFFIC_SHOW_ARRIVED_HOURS

1.2 Users

Allowed login of any user that may use the Bay Diary screen, as long as the new Traffic Control process is enabled for the warehouse (TRAFFIC_CONTROL_FLAG = "Y").
