This is the Stock Transaction Report (WHS0585) screen.

Generating a Stock Transaction Report:

The screen displays the following input fields:

- *Customer/Supplier*: A dropdown list with options *Customer* and *Supplier*.
- *Stockist Code*: An input field for entering a stock code. An LOV is provided.
- *Warehouse From/To*: Input fields for entering a range of warehouses. An LOV is provided.
- *Customer/Supplier From/To*: Input fields for entering a range of customer or supplier codes, depending on the *Customer/Supplier* selection. An LOV is provided.
- *Stock From/To*: Input fields for entering a range of stock. An LOV is provided.
- *Date From/To*: Input fields for entering a range of dates.
- *Movement Type*: An input field for selecting a movement type. An LOV is provided.
- *Detailed/Summary*: A radio button group with options *Detailed* and *Summary* to determine the level of detail in the report.

There is also a button:

- **Report**

When details are entered, click the **Report** button, which will start Stock Transaction Report generation. If this is a report, this will ask you how you would like to print the report through the standard screen. More details on this process can be found in the guide *Printing From the WMS*.
