1 WHS0635 Stock Adjustment Report

This is the Stock Adjustment Report (WHS0635) screen.

Generating a Stock Adjustment Report:

The screen displays the following input fields:

- **Report Mode:** A dropdown list for selecting the report mode, with "New" as the default. Values are *New* or *Reprint*. An LOV is provided.
- **Owner From/To:** Input fields for entering a range of owners. When a value is entered for *Owner From*, "001" is displayed next to it. An LOV is provided.
- **Journal No From/To:** Input fields for entering a range of journal numbers. An LOV is provided. You will only be asked for this for a Reprint.
- **Transaction Date From/To:** Input fields for entering a range of transaction dates. You will only be asked for this for a Reprint.
- **Reason Code From/To:** Input fields for entering a range of reason codes. You will only be asked for this for a Reprint.
- **Number of Copies:** An input field for entering the number of report copies.

There is also a button:

- **Print Report**

When details are entered, click the **Print Report** button, which will start Stock Adjustment Report generation. If this is a report, this will ask you how you would like to print the report through the standard screen. More details on this process can be found in the guide [Printing From the WMS](#).
