1 WHS0825 Prison Maintenance

A Prison record is entered in Prison Maintenance - the prison code is validated against Sales Territory.

The screenshot shows the 'Prison Maintenance' application window. The title bar indicates 'Owner: D1P Warehouse: NFT' and the date '29-DEC-2023'. The window has two tabs: 'Prisons' and 'Stock'. The 'Prisons' tab is active, displaying a table with the following columns: Prison, Prison Description, Prison Region, Warehouse, Warehouse Name, Prison Classification, and No of Prisoners. The first row is highlighted in blue and contains the following data: Prison: DF, Prison Description: CHATEAU D'IF, Prison Region: (empty), Warehouse: NFT, Warehouse Name: Default Warehouse Name, Prison Classification: High Security Prison, and No of Prisoners: 1. Below this row, there are several empty rows for additional records.

Prison	Prison Description	Prison Region	Warehouse	Warehouse Name	Prison Classification	No of Prisoners
DF	CHATEAU D'IF		NFT	Default Warehouse Name	High Security Prison	1

Against the Prison record, there is also Stock Demand functionality

The screenshot shows the 'Prison Maintenance' application window with the 'Stock' tab active. The title bar indicates 'Owner: D1P Warehouse: NFT' and the date '29-DEC-2023'. The window has two tabs: 'Prisons' and 'Stock'. The 'Stock' tab is active, displaying a table with the following columns: Stock Code, Description, and Live Indicator. The first row is highlighted in blue and contains the following data: Stock Code: SC01_011, Description: Test Stock Code 011, and Live Indicator: Yes. Below this row, there are several empty rows for additional records.

Stock Code	Description	Live Indicator
SC01_011	Test Stock Code 011	Yes
SC01_012	Test Stock Code 012	Yes
SC01_014	Test Stock Code 014	Yes
SC01_015	Test Stock Code 015	Yes
