1 WHS2000 Depot Location Map Report

This is the Depot Location Map Report (WHS2000) screen.

Generating a Depot Location Map Report:

The screen displays the following input fields:

- *Area From/To:* Input fields for entering a range of area codes.
- *Location From/To:* Input fields for entering a range of location codes.

There is also a button:

- **View Report**

When details are entered, click the **View Report** button, which will start Depot Location Map Report generation. If this is a report, this will ask you how you would like to print the report through the standard screen. More details on this process can be found in the guide [Printing From the WMS](#).
