 **Warning:** This is an incomplete guide.

This is the SSCC Label Generation screen.

The screenshot shows a software window titled "SSCC Label Generation". The window has a title bar with standard minimize, maximize, and close buttons. Below the title bar, there is a status bar with the text "Owner: ROB Warehouse: NFT" on the left, "10-JUN-2025" in the center, and "WHS2300 v4.4" on the right. The main area of the window is a light gray panel containing several input fields and a button. The fields are arranged vertically: "SSCC Prefix:" followed by a small rectangular input box; "Company Prefix:" followed by a larger rectangular input box; "SSCC Seq From:" followed by a larger rectangular input box; "SSCC Seq To:" followed by a larger rectangular input box; "Current Sequence:" followed by a larger rectangular input box. At the bottom left, there is a label "No of labels Required:" followed by a small input box containing the number "1". To the right of this is a label "Printer:" followed by a larger rectangular input box. To the right of the "Printer:" input box is a rectangular button labeled "Print".
